Login

Together with your membership card you receive also your **loginname** and **password**. You can log on to the platform of the Cruise Research Society on the right-hand side of the webpage:

A login form titled "LOGIN MEMBER" with two input fields: "Loginname" and "Password". Below the fields is a blue button labeled "LOGIN".

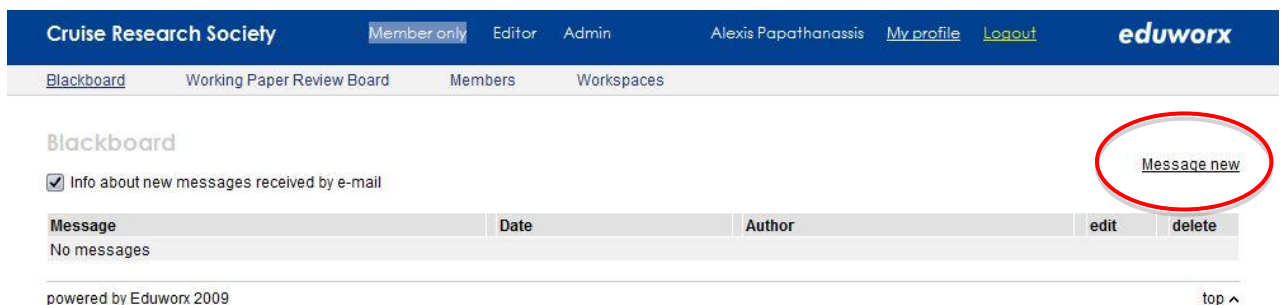

The first Intranet page opens up and you can choose where you want to go to next:

A navigation bar for the Cruise Research Society. The top bar is dark blue with white text: "Cruise Research Society", "Member only", "Editor", "Admin", "Alexis Papathanassis", "My profile", and "Logout". Below this is a lighter blue bar with white text: "Blackboard", "Working Paper Review Board", "Members", and "Workspaces".

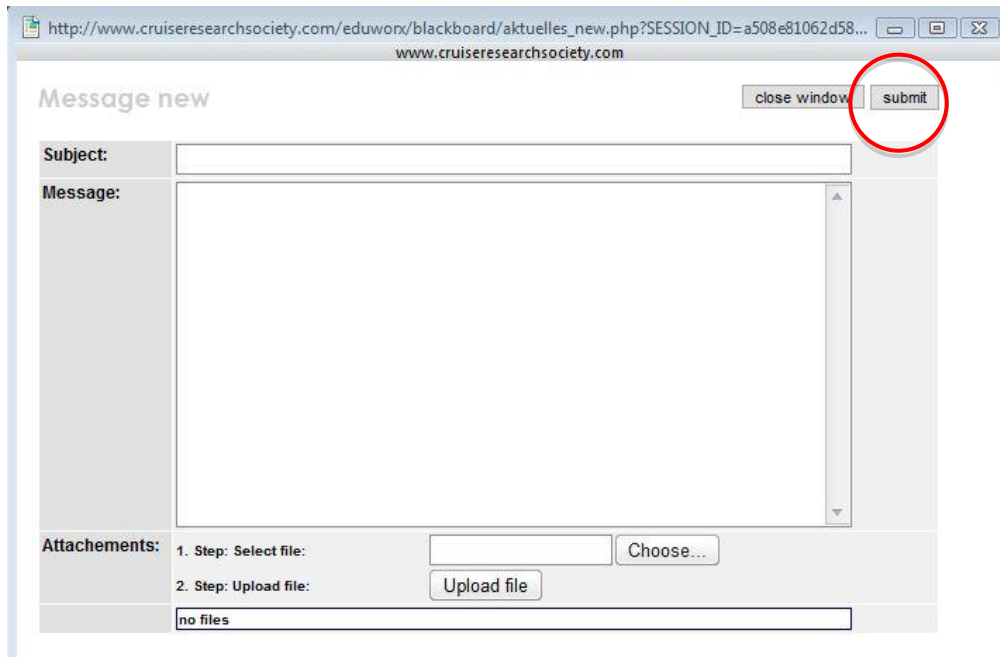

Blackboard

Following Login you are directed automatically at the **Blackboard**. This is essentially an electronic notice-board where CRS members can post messages (with or without file attachments) and see the postings of others. In order to post a new message, you need to click on: **Message New** and then enter the details on the window that pops up.

The Blackboard interface. The top bar is dark blue with white text: "Cruise Research Society", "Member only", "Editor", "Admin", "Alexis Papathanassis", "My profile", "Logout", and "eduworx". Below this is a lighter blue bar with white text: "Blackboard", "Working Paper Review Board", "Members", and "Workspaces". The main content area is white. It starts with "Blackboard" and a checked checkbox "Info about new messages received by e-mail". Below this is a table with columns "Message", "Date", "Author", "edit", and "delete". The table contains one row with "No messages". In the top right corner, the text "Message new" is circled in red. At the bottom left, it says "powered by Eduworx 2009" and at the bottom right, there is a "top ^" link.

By clicking **submit** your message is posted where Here you can post research papers and articles and read the papers/articles of fellow members.

Working Paper Review Board

Here you can post research papers and articles and read the papers/articles of fellow members.

If you want to download and read the paper simply click on the  button and on the next page you have an overview of the format, size, date, author and average rating:

This brings you to the **rating system**. After reading the research paper you may evaluate the paper using a 1-5 star system and add your comments:

Write a comment and evaluate the working paper
